

5th November 2016

BW Industries are a leading supplier of Steel Components with some of largest roll-formers, press-brakes and laser profiling equipment under one roof.

We are currently recruiting for field based Technical Sales Representatives to promote the full range of steel products that are produced from our East Yorkshire manufacturing base and supplied throughout the UK.

It would be expected that you have a proven track record in sales, ideally in within the steel sector, with a dedicated and self-motivated credentials. You will need to be well organised, IT literate, willing to travel and be able to communicate at all levels. A full driving licence is required.

Ideal Locations: North West, Midlands, South East and South West.

Responsibilities: Develop new clients and maintain relationships with existing customers at all levels.

Full management of accounts from introduction through to payment.

Key products within our product portfolio include Cold Rolled Sections (Purlin, Mezzanine & SFS), Press-forming Components, Laser Profiling and Fabrication.

Package: Excellent Remuneration, Company Car, IT Package & Private Health Care

If you would like to apply for any of these positions then please email you CV and covering letter to Mr. Gareth Rounding grounding@bw-industries.co.uk

If you think you have the skills and dedication required to join the BW team in any position then please feel free to contact us.
