Scope

BW Industries Ltd specialises in supplying fabricated metal products for the construction and manufacturing sectors. Our main activities include continuous cold roll forming, folding, laser cutting, punching, spray painting, fabrication and sub-assembly.

Health and Safety Policy

BW Industries are committed to complying with all applicable statutory requirements, and to follow industry and enforcing authority guidance to provide a safe and healthy workplace.

BW Industries makes a commitment to preserve, protect and promote the safety of our employees and stakeholders. This will be achieved by having suitable and sufficient risk assessments and safe systems of work, maintaining safe plant and equipment, providing PPE, having suitable emergency arrangements, consulting with employees, arranging appropriate health surveillance and recording all accidents and near misses so remedial action can be taken to prevent a recurrence.

Our Health and Safety Management System is periodically reviewed and audited by senior management to ensure compliance, and to support continuous improvement to prevent injury or illness.

Awareness of this policy is through a range of communication media to all relevant stakeholders.

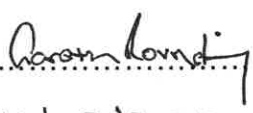

Responsibilities

All persons working for, or on behalf of BW Industries will receive information, instruction, training and supervision, and have a responsibility for effectively carrying out all procedures contained in the Health and Safety Management System. BW Industries will provide resources and training to enable employees to meet their responsibilities.

BW Industries expect employees to take reasonable care of themselves and others who may be affected by their acts and omissions, to follow procedures and safe systems of work and to co-operate fully with all instructions related to health and safety.

The overall responsibility for ensuring that employees adhere to the procedures contained in the Health and Safety Management System lies with the BW Industries Managing Director.
